KENTUCKY POLITICAL NEWS

Leading Facts of the Past Week

McDERMOTT'S SPEAKINGS.

Paducah, Ky., June 26, 1915.—(Special Correspondence.)—Lieutenant Governor B. J. McDermott spoke here Thursday afternoon to about 250 people. There were present a number of prohibitionists and Republicans, and several Stanley supporters, all of whom, regardless of their choice for Governor, honor and respect Mr. McDermott.

The address was characteristic of the speaker—eloquent and outspoken on the issues he deems paramount in Kentucky today.

As in his previous speeches, Mr. McDermott gave his reasons for opposing state-wide prohibition. He served in the constitutional convention and took place in the constitution provision that enables each county to be a self-governing unit, without interference from outside counties. In the last session of the legislature when the present County Unit Law was passed making the constitution provision fully effective, Mr. McDermott stood for the Jeffersonian fundamental democratic doctrine that people can govern themselves on such matters better than outsiders can govern them.

In this he agrees with his opponent, Mr. A. O. Stanley, that state-wide prohibition is not an effective temperance measure, but, on the contrary, would take away, without the consent of the governed, that most sacred right of a free people to regulate for themselves within their own county, moral and social affairs, such as the license or prohibition of saloons. He insisted that whenever the people of a county whose elected officers must enforce the law, if it is to be effective, want to abolish saloons, they can do so under the County Unit Law; and that that prohibition thus obtained will be exactly what the people want. If state-wide prohibition is forced upon the unwilling people of any county, neither they nor the officers that enforce it obey or enforce the objectionable law. Such contempt of law is hurtful to the character of the citizenship, and tends to cause disrespect for other laws.

From Paducah, Mr. McDermott went to Marion, Sturgis and Middlesboro, where he addressed rather small audiences, owing to the fact that farmers are busy with their crops.

NEWMAN WITHDRAWS FROM GOVERNOR'S RACE.

Frankfort, Ky., June 25, 1915.—(Special Correspondence.)—The withdrawal of Commissioner of Agriculture J. W. Newman from the race for Governor was somewhat of a surprise to many, although it was conceded that Harry McChesney, backed as he is by the Anti-Saloon League and General Percy Haley, had made the larger following among the "extra drys," as Mr. Newman expresses it. Evidently Mr. Newman realized that he could not make much headway as a state-wide candidate against the candidate selected by the Palmer, the Anti-Saloon League superintendent, and O. K.'d by Senator Beckham and General Haley.

Although Mr. Newman was the first candidate to announce for Governor, on a state-wide prohibition platform, and had the endorsement of the W. C. T. U., the pioneer temperance organization of the state, the powers that were to direct the campaign did not look with favor on his candidacy. Mr. McChesney was selected as the state-wide candidate by the prohibitionists. His headquarters are busy, with a large force of clerks, and ample funds to make an aggressive campaign.

In his card of withdrawal Mr. Newman says he has canvassed and spoken in more than forty counties; and has concluded that there are only two candidates for Governor who are seriously considered in the race. Though he did not mention names, it is conceded that he meant Stanley and McChesney. Furthermore, he says the Democratic party is facing a crisis that may endanger its success, unless harmony is restored and all unite for victory in November, which he places himself to aid in accomplishing. The harmony and unanimity of the Republican platform convention at Lexington this month, at which they reaffirmed the County Unit Law, and declined to take any state-wide "in the field" with Judge O'Rear and Dr. Brainer, pledging their support to the Republican ticket, was a distinct warning that the Republicans are to be in the running this fall, ready and anxious to take advantage of any Democratic mistakes. They believe that a state-wide prohibition Democracy will assure Republican victory this fall. For that reason Mr. McChesney is the prime favorite of Republicans, from Ed Morrow, the sure-thing nominee for Governor, down to the boys in the trenches who hope to get jobs under a Republican administration.

Nevertheless, Mr. Newman declares, like the good Democrat he is, "The Democrats will continue in power in Kentucky, and indicate to the world that Kentucky is behind the National Democratic administration, and in line for the presidential election in 1916."

Some say that Mr. Newman feels that President Wilson's opinion that local option, and not state-wide prohibition, is the proper method of controlling the liquor question, merits the approval of Kentucky Democrats, who

are enthusiastically behind the President in all his great policies.

Mr. Newman is a Democrat of the truest type, and as Commissioner of Agriculture has accomplished greater results for the development of the various interests of the state than all his predecessors combined. He is a tireless, fearless worker, and has done things worth while since he has been in office.

STANLEY SPEAKS TO RECORD. BREAKING CROWDS IN THE THIRD DISTRICT.

Franklin, Ky., June 26, 1915.—(Special Correspondence.)—Hon. A. O. Stanley finished the busiest week of his campaign to-day at this place, speaking to the largest crowd that has attended a political speaking in this county in years, estimated at 5,000 to 6,000. Enthusiasm was unbounded, and, to all appearance, Stanley was the only kind of Democrat in Simpson county.

Mr. Stanley began the week's campaign at Glasgow, where a record-breaking attendance greeted him. It was the largest crowd that has been in Glasgow since the Civil War. Practically everybody seemed to be for Stanley.

From Glasgow, Mr. Stanley went to Edmonson, Metcalfe county; Brownsville, Edmonson county; and Scottsville, Allen county. Everywhere the attendance was larger than the court houses could accommodate, and windows and standing room were occupied by eager Democrats, notwithstanding the fact that the farmers are behind with their work and in the midst of their harvest.

The masterly appeals Mr. Stanley is making to the people to stand by President Wilson in his splendid leadership of the party is received most enthusiastically. It is apparent everywhere that the people want a business administration, with such a revision of the tax laws as will enable the state to pay off the \$2,000,000 state debt, without laying any heavier tax burden upon the farms, live stock and other valuable property that now pays the expense of government. Millions upon millions of property that escapes assessment and pays no taxes must be put upon the tax duplicate and made to pay its share of the taxes necessary to pay off the state debt, build good roads throughout the state, and improve the school system by having fewer terms in the country and better paid teachers.

The County Unit Law, passed by the last legislature, meets the approval of the people. They do not want to experiment with state-wide prohibition, when under the County Unit system every county can vote out the saloons any time a majority of the people want to do so. The taxpayers do not want to destroy the \$100,000,000 of taxable property in the state that is paying nearly a million dollars a year in taxes and place upon the farms, factories, live stock and other property, already too heavily taxed, that additional burden, which would be necessary if state-wide prohibitions were adopted.

The slogan "Stand by the President and the Democratic platform, state and national, upon which the party has won its greatest victories," meets the hearty approval of the people.

MORROW ADDRESSES A BIG CROWD AT SHELBYVILLE.

Shelbyville, Ky., June 25, 1915 (Special Correspondence.)—In the rockribbed Democratic stronghold of Shelby, the Hon. Edwin P. Morrow had a very large attendance to hear him speak last Tuesday evening. Democrats and Republicans, as well as many ladies, turned out to hear him. It was noted that although Mr. Morrow spoke at night, he had a larger crowd than Mr. McChesney had a week before, on County Court day.

Ed Morrow, as he is familiarly called by everybody, is a most attractive speaker, and off the platform is the best handshaker, and wears the happiest smile of any man in Kentucky, and if the Democrats make any serious mistake in choosing their candidate for Governor, many a Democrat will hear Morrow's eloquent voice and feel the magnetic persuasion of his cordial hand when they go into the booth on November election day.

After the speaking, a number of Democrats and ardent temperance men, met Mr. Morrow, and told him that they agreed with him on the liquor question, believing that the County Unit Law was all that is needed to banish the saloon from any county where the majority of the people are opposed to them. The recent wet and dry election in Shelby county proved to them that state-wide prohibition is not necessary, for they voted out saloons, and the county is now as dry as a bone. At the same time they do not want to destroy the vast distilling properties in the state that pay nearly a million dollars in taxes, for if they do, they will know that other property, already heavily taxed, will have to take up that burden in addition to what they now carry, and that without accomplishing anything for real temperance.

With a state treasury already over two million dollars in debt, the taxpayers do not fancy adding another million on account of state-wide prohibition, for they know they will have the whole thing to pay in the end, while the office seekers who are riding the prohibition issue can take it easy. The bankrupt neighboring states of West Virginia and Tennessee, each with a debt of twelve million dollars and state-wide prohibition, are warning danger signals to thoughtful people.

JAMES P. EDWARDS ANNOUNCES FOR LIEUTENANT GOVERNOR.

Louisville, Ky., June 28, 1915.—(Special Correspondence.)—Hon. James P. Edwards, of Jefferson County, one of the most prominent lawyers in the state, has announced his candidacy for the Democratic nomination for Lieutenant Governor. His platform is, briefly, better schools, improved public highways, economy in state affairs, abolishment of unnecessary expensive offices, revision of tax laws so as to relieve overtaxed properties and taxation, favors the present County Unit Law for regulation of the liquor traffic as passed by the legislature in compliance with the Democratic platform of 1911, which is the fundamental law of the party, and opposes state-wide prohibition as unnecessary as a temperance measure, a menace to the overburdened taxpayers, and contrary to both the National and State platforms of the party.

Mr. Edwards was a candidate for Lieutenant Governor in 1911, and was defeated by Mr. Edward J. McChesney, the present Lieutenant Governor, now a candidate for Governor, by a plurality of 1,562 votes in the State, though Mr. Edwards carried Jefferson County over Mr. McChesney by over 5,000.

Judge Edwards is a giant physically, being several inches over six feet tall, is a forceful public speaker, a man always with the courage of his convictions, and loyal to his sense of duty in both private and public life.

McCHESNEY IN THE MOUNTAINS.

Middlesboro, Ky., June 26, 1915.—(Special Correspondence.)—H. V. McChesney, state-wide prohibition candidate for the Democratic nomination for Governor, has been speaking in the mountain counties this week. At Middlesboro there were present forty white men, ten ladies, and three negroes. At London, Williamsburg and Corbin, Republicans and Democrats in about equal numbers, and a few ladies, heard him attentively. Republicans generally, who are taking any interest in state politics, think well of Mr. McChesney as a Democratic candidate. (Adv.)

The bureau at Washington reports a promise of 693,000,000 bushels of wheat for the winter wheat, on the same conditions as last year, the same conditions as last year, the same conditions as last year.

The report last year on conditions of 95.6 predicted 630,000,000 bushels, but the final government report was 685,000,000 bushels. The forecast proved far better this year when wheat prices broke the record and reached thousands of cents to increase their acreage to an enormous extent. The winter wheat increase is nearly a million acres, making a total of 60 million acres in this country of sixty million.

Wheat is now selling nearly fifty cents higher on the farm than at the same time last year. It is estimated that we shall have upwards of four hundred million bushels for export. This is a large place of unexpected prosperity for which the war in Europe has been responsible.
